

**Amendments to the Specification:**

Please amend the specification as follows:

In the Title:

Please change the title to:

-- A METHOD AND DEVICE ~~OF MANUFACTURING A MOULD FOR~~  
~~PRODUCING AN~~ A CUSTOMIZED OPTICAL SURFACE, ~~A METHOD OF~~  
~~PRODUCING A CONTACT LENS AND A DEVICE FOR USE WITH~~  
~~THESE METHODS --.]~~

In the Abstract:

Please replace the Abstract with the following amended  
Abstract:

A method and device ~~for~~ manufacturing a ~~mould~~ mold  
for producing a customized optical surface, ~~whereby in~~  
which a ~~mould~~ ~~(1, 2)~~ mold having a base shape is  
modified in order to obtain the required shape of the  
~~mould~~ mold. The ~~modificaiton~~ modification is carried out  
by means of a lithographic process ~~comprising that~~  
includes coating the ~~mould~~ mold surface with a  
photoresist layer ~~(16)~~, exposing the layer to a  
predetermined pattern of exposure radiation ~~(9)~~ and

Appl. No. 10/563,932  
Amdt. dated Oct. 27, 2008  
Reply to Office action of Sept. 29, 2008

developing the exposed layer ~~whereby~~ so that portions  
of the layer are removed to obtain the required ~~mould~~  
mold shape—(22). This method may be used for producing  
small quantities of optical surfaces, such as for  
individual contact lenses.
